# PROCESS...

Your leaver's garment is important; it's something that you are going to cherish for the rest of your life, so we want to help you make sure you get it right. Our specialist will come out to see you to discuss your options, and show you some samples, so that you know you are getting exactly what you want when you make your order with us.

1. You can contact us through live chat, e-mail or phone to arrange a meeting with one of our specialists.
2. We will come and see you to discuss your options and show you all our latest gear.
3. Once you have chosen your garment, and have an idea of the design you want, we will draw it up for you and give you a quote with an order form attached.
4. Fill out the order form and get it back to us to start the ball rolling.
5. We'll send you an order confirmation - once you approve this we will start your visual for final sign off.
6. Once your visual is approved, and payment received, we will manufacture your order.

Manufacturing usually takes approximately six weeks. Some custom gear takes longer so we recommend you start the ball rolling ASAP.

It's a good idea to start collecting money from your leavers early in the process, as we can't begin to manufacture your order until we've received your full payment.

# BRANDING TECHNIQUES

We have the best appliqué options available, with loads of fabric options so you can create your very own retail look that will stand the test of time.

## CONTRAST SWEAT

New for 2013, we're using the contrast sweat material to give you a real retail look.

- All contrast colours available to match the sweats
- No quantity limit

## NAMES AND NUMBERS

- **Embroidered Appliqué:** New for 2013! You have an awesome felt appliqué on the front, why not get your name done to match? The perfect way to complete your garment.
- **Embroidered:** Looking for the subtle, personal touch? We can embroider your name in small lettering on the garment if you're not looking for the big impact.
- **Thermo:** This is the traditional look. It's big, cost effective and there are heaps of colours available.

## SCREEN PRINTING

Screen printing is the cost effective way to get a great, retail-looking brand on your garment, especially if you want a large image.

- We need .eps/.ai/.pdf/.cdr artwork files
- We can match colours
- Setup is charged per colour
- No quantity limit

## Choose your style:

- **Vintage:** looks worn. We can apply this filter to any art.
- **High Density:** add some depth and texture to your artwork, a new technique.
- **Normal**

We can print up to 12 colours at a time so can recreate any art you come up with! The only limit is your imagination (okay, and maybe the setup costs...).

## FELT

We pioneered the felt appliqué in New Zealand, so we're pretty much experts. We have the most colours and options, and can layer it with up to 3 layers.

- Over 20 colours available (enquire for details)
- No quantity limit

## CHENILLE

Stadium jackets deserve the royal treatment when it comes to branding, and nothing comes close to the luxurious chenille loop pile. We're pioneering this technique in NZ, so you won't find it anywhere else.

- We can match your school colours
- Only available on orders of 50 or more

## EMBROIDERED CRESTS

Nothing says belonging like your school crest embroidered on your leavers garment. It's a timeless, fitting option.

- We can add in appliqué effects to give the crest depth
- We can match colours
- No quantity limit

## AUTHENTICITY LABELS

Give your garment that real retail feel, with a custom authenticity label. We can print in any colours on the canvas, and this is sewn onto the garment. You can have any size or shape you like.
