RUGBY CATALOGUE

HOW TO ORDER

Ordering your custom DYO Gameday gear is made easy with only a few steps. Represent your Club, Team, School or Business in style with our fully customisable colour and design options. With our Online Kit Builder, you can see exactly how your unique design will look. Start designing now at codesport.co.nz.
Your team. Your colours.

STEP 1

Pick your style

Choose your sport CODE and style.

STEP 2

Choose your Studio Design

Each style has various Studio Designs to choose from.

STEP 3

Colour it

Colour up your chosen Studio Design with your colours. Don't see the colours you want or a Studio Design you like? Send us your artwork/logo and we can customise a design for your Team. Note some custom services may incur an extra fee. Talk to your Account Manager for more details.

STEP 4

Advise the quantity and sizes required per style

Refer to the size guide provided or ask your Account Manager for more details.

Don't forget to kit out your subs, team managers and supporters! Minimum order is 10 units of each style.

STEP 5

We will email you a Quote/Order Confirmation

Please review all details carefully to ensure the product, sizes, quantity and artwork/ logo details are correct. Need to make a change? It happens. Please contact your Account Manager within 24 hours.

STEP 6

Approve your customised artwork proof

Although we make every effort to provide an error free product, your cooperation is required as well.

The proof is submitted to you to ensure the accuracy (size, position, colour) of your artwork/logo.

You, the customer, are responsible for ensuring the complete accuracy of this proof. Upon approving the proof you will be committing to purchase the goods so please check carefully. Once approved - leave the rest to us! We will advise when you can expect to see your order.

RUGBY TOPS

STEP 1

Pick your style

G11100M | ULTIMATE RUGBY JERSEY

Fabric | 330gsm Polyester Spandex Mix

Mens sizes | XS - 4XL

PRODUCT DETAIL

The CODE Ultimate rugby jersey comes in a skintight pro fit. The 330gsm polyester/spandex mix fabric is strong and durable with great flex. The neckline has a 2 piece round collar with internal tape around the back neck for added strength. Flat lock stitching across the raglan sleeve, sleeve hem and side seams reduce friction against the skin. The underarm gusset maximizes movement. The slightly curved front and back hemline with a binding edge and offers more length.

PRO FIT

TWO FABRIC OPTIONS AVAILABLE IN THIS STYLE

G11110M | BEYOND RUGBY JERSEY

G11110K | KIDS BEYOND RUGBY JERSEY

Fabric | 260gsm Polyester Spandex

Mens sizes | XS - 4XL

Kids sizes | K6 - K14

G11111M | IMMERSE RUGBY JERSEY

G2111K | KIDS IMMERSE RUGBY JERSEY

Fabric | 270gsm Polyester Interlock

Mens sizes | XS - 4XL

Kids sizes | K6 - K14

PRODUCT DETAIL

The CODE Beyond and Immerse rugby jerseys are a tapered fit - worn close to the skin but not skintight. The neckline is two piece round collar with internal tape around the back neck for added strength. Flat lock stitching across the raglan sleeve and side seam reduces friction against the skin.

TAPERED FIT

G11120M | DNA RUGBY JERSEY

G11120K | KIDS DNA RUGBY JERSEY

Fabric | 270gsm Polyester Interlock

Mens sizes | XS - 4XL

Kids sizes | K6 - K14

PRODUCT DETAIL

The CODE DNA Rugby Jersey is a standard fit which is great for lower or social grade teams. The collar includes a placket with a concealed button. Reinforced stitches features throughout for added durability. Flat lock stitching across the raglan sleeve reduces friction against the skin. Limited panels on this jersey maximizes the printable area.

STANDARD FIT

RUGBY SHORTS

G6100M | ULTIMATE RUGBY SHORT

Fabric | Main 220gsm Polyester Twill, Gusset 260gsm Spandex
Mens sizes | XS - 4XL

PRODUCT DETAIL

The CODE Ultimate Rugby short is fully sublimated. Made from a strong polyester twill which is lightweight to wear and easy to care for. This short features a spandex inner leg gusset allowing maximum movement and comfort while on the field. The crutch seams are reinforced with tape and the leg hem is twin stitched for extra strength. The internal waist is finished with a custom CODE elastic band which sits flush against the skin. An internal waist draw-cord accommodates an adjustable fit.

G6110M | DNA RUGBY SHORT

G6110K | KIDS DNA RUGBY SHORT

Fabric | 220gsm Polyester Twill
Mens sizes | XS - 4XL
Kids sizes | K6 - K14

PRODUCT DETAIL

These CODE Rugby shorts are fully sublimated. Made from a strong polyester twill which is lightweight to wear and easy to care for. The crutch seams are reinforced with tape and the leg hem is twin stitched for extra strength. The internal waist is finished with a custom CODE elastic band which sits flush against the skin.
